(a) what is the number of mini-steel plants functioning in Madhya Pradesh at present and how many are lying idle or are closed,

(b) whether any assessment has been made of the functioning of these plants, if so, what are the details thereof; and

(c) whether the causes of malfunctioning of mini-steel plants have since been identified, if so, whether Government propose to take any remedial action in that regard?

THE MINISTER OF STEEL AND MINES (SHRI M. L. FOTEDAR): (a) There are 12 mini steel plants installed in Madhya Pradesh. Out of these, at present 8 are functioning and 4 are closed.

(b) No, Sir.

(c) A large number of mini steel plants in the country suffer from technological obsolescence. In addition mini steel plants have represented that they are facing problems due to shortage of power and the high price of inputs. Government have decided to allow expansion of mini steel plants which undertake modernisation. Government have also reduced the customs duty on imported scrap by 5 per cent *ad-valorem* with effect from 4th December, 1986. The supply of power to different categories of consumers is determined by the State Electricity Boards.
